SECRET WORLD

QUADRUPEL 10%

Secret World, our Belgian-style Quadrupel, is a special collaboration with our friends from the Brewery of Saint Mars of the Desert. Dark in colour, this beer is strong and rich with inviting flavours of dried fruit and caramelised sugar, combined with a characterful Belgian yeast spiciness.

Bottle conditioned to give a fine effervescence, Secret World is best enjoyed in your finest chalice whilst contemplating clandestine realms that may or may not exist.

BEAR STATE

WEST COAST IPA 7.0%

At Thornbridge, we love brewing West Coast IPAs and Bear State is one of our favourites. This is a fantastic example of the style, with aggressive pine and grapefruit on the nose, followed by bags of tropical fruit on the palate. There is a balanced sweetness from the addition of crystal malt and it finishes with a stunning bitterness.

THREE OF DIAMONDS

PASSIONFRUIT IPA 7.0%

The Passionfruit Prial. Three completely different styles all using passionfruit as the kicker. Three of Diamonds is a punchy and flavoursome IPA with a generous infusion of passionfruit, this works beautifully in complementing the redolent aroma of guava and candied fruit already present. It pours hazy gold with a silky soft body, kept in balance with just a delicate bite from the carefully selected hops.

THREE OF CLUBS

PASSIONFRUIT SOUR 5.5%

The Passionfruit Prial. Three completely different styles all using passionfruit as the kicker. The Three of Clubs has been a true labour of love, honing the skills learned from our sour programme, combined with the expertise of Mikkeller to create a unique beer which is tailored to work with the fruit addition. Lemon and bergamot nuances come through with the sharp sourness, which is flavourful but not overpowering. The passionfruit carries a little sweetness creating an equilibrium with fantastic drinkability.
